

Colonel White:

This memo had been coordinated in four parts of the DD/P, but nobody ever showed it to [ ] in whose bailiwick it lies. I showed it to Jack, who of course concurs.

Contrary to the recommendation we ask DDGI to approve, the Attachments include an unsigned carbon of a letter to the author in which someone (presumably [ ] says:

I have checked with various people in Washington and there will be "green lights" for some cooperation on your projects

If you check with [ ] when you get here, he will be able to pull the appropriate bits together.

In view of the above and of Frank Wisner's interest, the author may feel we are reversing ourselves in refusing to cooperate.
